General Information

I. General Information

1. Introduction to the 20th Asian Games Aichi-Nagoya 2026

Date: 19 September to 4 October 2026

Host City: Aichi-Nagoya

Sports: 43 sports

Venues: 53 competition venues, 75 training venues

Concept:

- Athlete-Centered
- Using existing facilities
- Making full use of state-of-the-art technology
- Offer hospitality with traditions through interaction with citizens
- Contribute to the promotion of sports culture

1.1. Emblem

The smooth curves describe the liveliness of sports.

The center line colored by purple, gold and green inspires the image that people get together as one and go forward to the future by heading to a bright red sun, the symbol of the Olympic Council of Asia (OCA). The purple is used as an image of iris which is the prefectural flower of Aichi. The gold describes the Kinshachi, the golden tiger-fish roof ornaments and the symbol of the Nagoya Castle. And the green inspires the high environmental consciousness among people of Aichi-Nagoya fostered through the EXPO Aichi 2005, the COP10 and the UNESCO World Conference on ESD. The emblem contains the initial letters of Asia, Aichi and Nagoya. You could see "A" described by the purple curve and the center line and "N" designed by the purple and the gold.

1.2. Mascot

"HONOHON," the mascot of the 20th Asian Games, was born from the fiery passion that dwells in the hearts of athletes, becoming one with Shachihoko, the guardian deity of Aichi-Nagoya.

The name "HONOHON" is derived from the word "Honoho," which is said to be the origin of the Japanese word meaning "flame," that comes from the image of fire rising high and burning brightly, resembling the shape of a rice ear ("ho" in Japanese). To make the name sound more friendly, we named it "HONOHON."

1.3. Other Information

For more information, please refer to the official website of Aichi-Nagoya Asian Games Organizing Committee (AINAGOC).

URL: <https://www.aichi-nagoya2026.org/en/>

2. Accreditation and Validation

AINAGOC will distribute the Accreditation Guide to Responsible Organisations in December 2025. The Accreditation system will be available from 11 December 2025 to 14 May 2026.

All athletes, including those who may participate through Late Athlete Replacement (LAR), must complete their Accreditation Application within this period.

All athletes who may potentially participate in the Games must be registered in the Accreditation long list.

From July 2026 onwards, AINAGOC will produce and deliver the Pre-valid Asian Games Identity and Accreditation Card (PVC) to Responsible Organisations that have confirmed their Accreditation Status Report.

Upon arrival in Japan, Games stakeholders will be required to validate their PVC at the Welcome Centre 1 accreditation validation desk or other accreditation facilities by presenting their valid identity documents. For further details, please refer to Chapter 7.1 of the Accreditation Guide.

After validation at the accreditation facility, the PVC becomes the AGIAC, which grants access to competition and non-competition venues and zones. The AGIAC grants the cardholder the appropriate access entitlements to the venues and zones.

Please note that athletes designated for Late Athlete Replacement (LAR) cannot validate their PVC unless and until the replacement is officially approved.

3. Validity Period of AGIAC

When a participant presents the PVC or the AGIAC in conjunction with the valid passport (or equivalent travel document), it will function as a visa waiver when applying for entering Japan and can be used multiple times between 0:00 on 31 July 2026 and 23:59 on 19 October 2026.

4. Transport

Athletes and team officials will be provided with transport on arrival and departure, for competitions, and for training. Services will be available for the designated locations. AINAGOC will allocate a specific number of dedicated vehicles to each NOC delegation for its exclusive use. For more details, please refer to the *Transport Guide for Athlete & NOCS* published on September 30.

5. Accommodation

A conventional Athletes' Village will not be built.

During the 20th Asian Games Aichi-Nagoya 2026, NOC athletes, team officials will be accommodated at Garden Pier (Villas*), Kinjo Pier (cruise ship), and existing accommodation facilities (hotels, etc.), and Technical Delegates (TDs), International

Technical Officials (ITOs) and National Technical Officials (NTOs) will be accommodated at existing accommodation facilities (hotels, etc.).

Necessary functions and services will be provided. In principle, it has to be ensured that TOs will be accommodated at separate lodging facilities from NOC athletes.

For security reasons, access to the Athletes' Accommodations will require the appropriate accreditation card.

*A facility that houses accommodation amenities within a container-sized unit, allowing for easy transportation via trailer or ship, and used as a hotel or private residence.

6. Media Services

6.1. Broadcast Mixed Zone

All athletes are required to pass through the Broadcast Mixed Zone after the competition. However, athletes are not obligated to comply with interview requests in this area.

The Broadcast Mixed Zone is directly connected to the Press Mixed Zone, ensuring a seamless transition for athletes and media representatives.

* Victory Ceremony Procedure:

If an athlete is scheduled to attend the victory ceremony, the Ceremony Producer or Sports Manager will notify the Host Broadcasters and Press Mixed Zone Manager. These athletes will then be escorted to the ceremony briefing area. After the victory ceremony, they will return to the Broadcast Mixed Zone and pass through the area.

6.2. Press Mixed Zone

Athletes must pass through the Press Mixed Zone right after passing through the Broadcast Mixed Zone so that they can be interviewed by accredited press as soon as possible after the competition ends. They also have the right to decline interviews and go directly through the Mixed Zone.

6.3. Press Conference Room

After the finals of each event, in principle, a post-competition press conference will be arranged. At these Press conferences, interpretation in 6 languages (Japanese, English, Chinese, Korean, Russian and Arabic) will be provided. Translating a participant's native language into English, if needed, shall be done by the Press Attaché(s) or staff of the relevant NOC taking part.

If the athlete notified of a doping test has not yet completed it, Doping Control Personnel shall be permitted to attend the press conference for continuous observation.

6.4. FOP Photo Positions

FOP photo positions will be set up in FOPs or FOP surrounding areas in each competition venue. These positions are for accredited photographers to use to take photos of competitions. Accredited photographers will need to wear supplementary access control devices in order to enter FOP photo positions. During the victory ceremony, a suitable temporary position will be set up if deemed necessary.

For some events, the shooting at the FOP photo positions may use photo truck(s), photo boat(s), catwalk remote control camera(s), shooting house(s), and underwater remote-control camera(s). Some of these special photo positions will be provided through the Rate Cards.

6.5. NOC Press Attaché

NOC press attachés with Supplementary access control device(s) will assist in facilitating interviews between Athletes and Accredited press. They can enter the athletes' side of the Press Mixed Zone, determined by PRS FA (Broadcast Services Functional Area). Where necessary, language support volunteers may assist them in their activities.

7. Medical Services

Medical Services During the Games, AINAGOC will run Medical rooms for athletes at each competition venue and provide onsite medical services and emergency transport.

At each athletes' accommodation, medical staff will be stationed to provide necessary care and treatment.

If advanced care and further exams are needed, patients will be transferred to the Games' designated hospitals.

If necessary, medical services such as emergency treatment, hospitalization and emergency transfer will be provided.

Onsite Basic medical services and emergency transport services will be provided free of charge.

Other medical services shall be paid for in accordance with the provisions stated in the relevant policy for insurance cover.

Free medical services will not include non-essential medical care nor elective medical treatment.

8. Doping Control

In order to ensure healthy and fair competitions and protect the interests of the athletes, the Anti-doping programme of the 20th Asian Games Aichi-Nagoya 2026 will be conducted in strict accordance with the World Anti-doping Code and the OCA Anti-doping Rules.

All athletes heading to the Games will need to complete the ADEL, which is provided by WADA, for International Level Athlete (ILA) e-learning module and all coaches will need to complete the ADEL for Coaches of High Performance (CHP) e-learning module successfully. We strongly encourage you to start on this early. Further details are currently under consideration within the OCA, so please wait until the publication of the Doping Control Guide in April 2026.

6. Competition Rules

The Weightlifting competition of the 20th Asian Games will be held as per the latest International Weightlifting Federation (IWF) Technical and Competition Rules & Regulations (TCRR).

Detailed information is available on the website of the IWF: www.iwf.sport

In case of any disagreement in the interpretation of the IWF rules and regulations, the English version shall prevail. Any unforeseen circumstances not covered by the regulations and rules shall be resolved as follows:

- Technical issues: Resolved in accordance with the IWF TCRR.
- General issues: Resolved in accordance with the Olympic Council of Asia (OCA) Constitution and Rules.

7. Competition Format

The Weightlifting competition of the 20th Asian Games Aichi-Nagoya 2026 comprises eight (8) bodyweight categories for Men, and eight (8) for Women. The competition format for each category consists of a single phase, though it may be contested in multiple groups.

Draw

After the Verification of Final Entry, a randomly generated lot number is drawn for each verified athlete. The athletes retain the lot number throughout the Event. The lot number defines the order of the weigh-in and the order of lifting during the course of the competition in the athlete's relevant group.

Bodyweight categories may be divided into two (2) or more groups by the Technical Delegate in accordance with the Entry Totals. If two (2) or more athletes have the same Entry Total, athletes may be allocated into different groups according to their lot number (e.g. athlete(s) with the lower lot number(s) go(es) to Group A; the athlete(s) with the higher lot number to Group B).

Weigh-in

In prior to each competition, weigh-in is carried out to verify athletes' bodyweights. The weigh-in of each competition begins two (2) hours before the start of the group concerned. Weigh-in lasts for one (1) hour. If the correct weight is not reached before the end of weigh-in period, the athlete will be eliminated from the competition. The Technical Delegate or her representative must issue Official Communication to state

the relevant athlete has been eliminated from the competition with the reason.

Course of competition

Each competition consists of two parts: the Snatch and then the Clean & Jerk, with generally a ten-minute break between the two. The Jury, at its discretion and in consultation with the Technical Delegate may shorten or lengthen the break. An appropriate announcement to all relevant parties (athletes, Team Officials, Technical Officials, sport production, broadcast, spectators, etc.) must be made.

Each athlete may take three attempts at individually chosen weights in both the Snatch and the Clean & Jerk. The barbell is loaded progressively. The athlete requesting the lightest weight lifts first. The weight of the barbell must always be increased by multiple of one (1) kilogram increments. One minute is allocated to each athlete between the calling of his/her name and the beginning of the attempt. When an athlete attempts two lifts in succession, he/she is allowed two minutes for the succeeding attempt. Three referees adjudicate each lift and pass their decision, if accepted or not. The validity of the lift is decided on the majority by the referees. Each decision made by the referees is immediately analysed by the Jury, and they can decide to reverse it. After this, the decision is final and irrevocable. The rules of lifting and for the adjudication of attempts are the same for men and women.

Athletes having no valid lifts in the Snatch are eliminated from competition and cannot continue in the Clean & Jerk.

Calling Order

The following four factors listed in priority must be considered when calling the athletes:

1. The weight of the barbell (lightest weight first)
2. The number of the attempt (lowest number first)
3. The sequence/order of the previous attempt(s) (the athlete who lifted earliest is first)
4. The start number of the athlete (lowest first)

20 kg Rule

The total weight of the starting attempts declared and actually taken in the Snatch and the Clean & Jerk must equal or exceed the weight of the verified Entry Total minus twenty (20) kg. The Jury will exclude the athlete from the competition if this rule is not adhered to. The above rule is commonly referred to as the “20 kg Rule”.

If the 20 kg Rule is not respected by the athlete / Team Official and goes unnoticed by all TOs and the athlete takes attempts, whether successful or not, and the error is

noticed only after the execution of the lifts, any or all such Clean and Jerk attempts not in compliance with the Rule will be rendered as “No lift”.

Tie Break Rules

If there is a tie, the factors to decide the classification of athletes in the Total are:

1. Best result – highest first; if identical, then:
2. Best Clean & Jerk result’s attempt number – the Athlete who achieved the Total result earliest according to the Calling Order.

In the case of tie(s) in different group(s), the athlete(s) who competed earlier in time will be ranked higher regardless of the attempt number at which the athletes reached the relevant result.

Classification of Athletes

Gold, silver and bronze medals will be awarded only to the top three (3) weightlifters in the Total results in each bodyweight category.

8. Sport Entries
